

ABSTRACT TO SUBMISSION INSTRUCTION

Registration

Registrations must contain your first name, last name and affiliation.

Abstract Instructions

Abstracts must be in English, with a maximum of 2500 characters (including spaces), and should have the following structure: title, authors and affiliations, followed by background, methods, results and conclusions.

Abstract selection criteria

Abstracts will be selected considering the following points:

- Innovative character of the study, contribution to advance knowledge in the area of the Conference topic and alignment with Conference objectives.
- Scientific quality considering its clarity, consistency, and coherence.
- Adequacy of methodologies to the expected objectives and critical discussion of the results obtained.
